

William Lewandowski

Dr. T. Hest

Comm. 415; Elevator Speech

21 January 2021

Intended Audience: Principal of Student Teaching Placement

Situation: Introducing self for the first time in my student teaching placement

Good morning, Principal Hest. My name is William Lewandowski.

I've been placed here for the semester to complete my student teaching. I'm extremely excited to be here. I'm actually finishing my second degree. I actually got my first degree a couple years ago, where I worked extensively with international students for four years as a head writing tutor, and now I'm back to finish my teaching degree like I've always wanted.

If you need anything from me, I'm happy to be of assistance. I would enjoy the chance to have a discussion with you about education some time.

It was nice meeting you, Principal Hest. I hope to keep in touch with you over the course of the semester.
