Mr. Wm Lewandowski is known to lurk around coffee shops or parks taking photographs or writing. He can often be seen with his accomplice and significant other, J. Krovitz. Though, during the pandemic, we believe that he is hiding out in his messy apartment computer programming/coding, playing video games, painting, and writing.

Mr. Wm Lewandowski has an infectious smile and likes to make people happy. He enjoys hearing people’s stories and is a great listener. Be careful, as he is very approachable and caring.

A reward for his capture is a socially distanced hug and a cookie.
